

Private Funds Are Needed For Narberth Playground

THE NEWS IS THAT an important meeting recently occurred which was attended by some members of Council, Recreation Board members and also by officials of the local baseball club. What to do about improvements on the Playground was reported as the theme of the evening.

More than a quarter-century has elapsed since this grand asset became a part of the borough scheme, but there is very little on the attractive acreage that was not there 20 years ago, and that is not a particular feather in the community's cap.

The project started off with a real handicap when a previous mistake of \$5,000 was made in formulating the ballot offered for the citizens' endorsement, as \$5,000 at that time of life would have provided several times the value now possible at today's costs. Through the years some few official dollars have found their way down to the field, but never enough, and the most elementary things had to be omitted because of lack of funds.

Toilet facilities of an adequate sort, for instance, should no longer be delayed, and also it is only fair that there should be more than make-shift quarters for the ballplayers, with modern and safe accommodations for the spectators who throng the place for the various games. This Narberth aims to be a first-class suburban place, and what we have should reasonably correspond with an enlightened and self-respecting standards. Such cannot be said to be the case as things now stand.

How to get the money needed is the question. The tax fund is squeezed to the hilt to make ends meet. No addition to the rate can now occur for Playground needs. A bond issue would be possible, but that would not be good strategy, as the time is in sight when Narberth must do some real borrowing, and it would not be prudent to advance small issues at this stage of affairs.

What, then, can be done? One thought is that the people will rally around a community effort to get the sum required. Perhaps they will. As it is, a great deal of private money has already been spent on the grounds. The Community Building was donated to the Borough, a nice \$30,000 gift. Citizens paid more than \$4,000 to the fund which made the purchase possible, none of which was ever refunded. The ball club gave Sam Pounds, the old grounds-keeper of the Phillies, \$750 for staking out the diamond, after the team was forced to vacate the original playing field at the eastern end to make way for the Community Building.

A. E. Wohler, of valued memory, spent many a dollar from his own jeans for horticultural improvements. One of his ambitions was never realized, the adornment of the railroad bank (which forms a back-drop to the Playground) with a bewildering variegation of brightly colored flowers. That should not be over-looked as a future possibility, as surely there is

Boro Police Car Gets 2-Way Radio

Total Radio Expense
to Boro Set at \$698

The Narberth Borough police car has had a two-way radio installed at a cost of \$50 following equipping of Lower Merion's police cars with two-way radios last week.

The Borough has always bought its own radio equipment until this year when the only type of equipment available had to be rented from the Bell Telephone Company. Rental will be \$16 per month, plus the Borough's share of the upkeep of the transmitting station, located in the Lower Merion Township Building, which is \$38 a month.

This will cost the Borough a total of \$698 this year, for which \$700 was allowed in this year's budget.

Narberth Firemen Answer Only Two Alarms in March

The Narberth Fire Company answered only two fire alarms during March.

Both alarms were in Lower Merion Township and 14 firemen had to spend one hour and 30 minutes fighting the two fires.

There were no fire drills during the month because active members of the brigade failed to report on the designated nights, it was announced at the Borough Council meeting, Monday night.

Boro To Repair Grandstand

Council to Incur Debt of \$600; Other Repairs

Open Grandstand
in Serious Danger
of Collapsing

Borough Council will go into debt for \$600 to see that Narberth residents get their baseball games this year.

A concrete wall will have to be built behind the open grandstand to prevent its collapse, which will account for \$500 of the total sum.

This was announced by William P. Davies, chairman of the Property Committee, at Monday night's Council meeting. He pointed out that the wooden posts which support the grandstand have rotted and will not support even a normal complement of Borough baseball enthusiasts.

Additional \$100 for Walk
Construction of a new walk between the public and open grandstands will cost \$100, W. S. Thompson, chairman of the Highway and Sewer Committee, reported to Council.

The budget does not provide for either expenditure, but Council nonetheless authorized the work to be done even though it will have to go into debt.

Other Improvements
Additional provisions for the improvement of the diamond were authorized every Saturday morning during the playing season, and, correcting the drainage flow between the grandstands which causes gulleys between first and third base.

Citizen's Club To Parade Here

Will Take Part in
Narberth Ceremonies

A committee to discuss plans for participation in Narberth's Memorial Day ceremonies has been appointed by the Narberth Italian-American Citizens' Club.

Members of the club, which has taken part in every Memorial Day parade since its formation, will furnish a fully equipped color guard this year.

Members of the Parade Committee are Michael Madorni, temporary chairman; Mario Casavecchia, Frank Tigano, Folger Mestichelli, S. Mariani and Aspero Delmore. At the club's last meeting, the House Committee reported that contracts for redecorating the clubhouse have been awarded. The work is expected to be completed by the next meeting.

Albert and Ernest Ettore, it has been announced, were the winners of a toaster and steam iron in a recent contest conducted by the Recreation Committee.

ARDMORE NUMBERS MEN ENTER GUILTY PLEAS

Merion Fire Co. Gets Award From S.P.C.A. for Rescuing Dog

The Merion Fire Company has been awarded the SPCA Citation of Merit for the rescue of a French poodle from the Haverford College pond on March 10.

"Unlucky," owned by James Mitchell, of Grays Lane, Haverford, broke through the thin ice and the fire company lost the use of the Township's only aerial ladder wagon when the rescue was made.

Co. Ladder Breaks

The ladder broke near the truck a moment after "Unlucky" was fished out of the cold water by Benjamin Lawrence, a maintenance man at the school.

The Pennsylvania Society for Prevention of Cruelty to Animals gave Lawrence a silver medal for his kindness in the face of a frigid bath.

Town Talk

By DOROTHY M. OGDEN

The borough will surely miss the William H. Neville, III, family of 5 Windsor Ave. The Nevilles have purchased a country home in Springfield and will be moving out there with their three children April 22. The children, by the way, are Suzanne, 4; Bill, IV, 2, and Christine, one.

Guess you know that Mr. Neville is the president of William Neville & Associates, of Philadelphia.

When the Montgomery County Boroughs Association meets at Casa Conti, in Weiden, Pa., April 28, several members of the Borough government will attend. Among them will be Solicitor Henry Frye, Burgess Dick Miller, Police Sgt. Charlie Girvin; Treasurer John Hall and Councilmen Bill Davies and Franklin Hutchinsin.

Speaking of Council, Henry Carr, chairman of the Finance Committee, was unanimously elected to the Board of the Community Library last week.

Incidentally, do you have any idea of how much it costs to heat the Community Building a month? Well, last month it cost \$84.52 to supply the building with 1127 gallons of fuel oil.

You remember that overall program of improved lighting which was drawn up by the Philadelphia Electric Company's R. M. Hoot some time back? It seems that residents down on Conway Ave. want two lights between Price and Sabine Aves. (where there aren't any now). So at Council Monday night Bob Cameron, chairman of the Water, Light and Health Committee, asked if those lights could be put in. He said, "I don't know, but I'll see."

It's too bad more residents don't attend Council meetings. It gathers the second Monday of each month and all the Borough's business is transacted at that time. Had some of the Hampden Ave. residents attended Monday night's meeting, they sure something constructive would have been accomplished because there was a complaint brought up which merits everyone's attention.

A young, ex-serviceman, Vincent Delvinello, of 227 Woodbine Ave., said that he had just come out to Narberth and had bought a home here. Unfortunately, he said, he bought near the neighboring gathering place and he is worried about it. It seems that under his windows there is a great deal of loitering by the "drugstore or hogie-shop cowboys" of that section; his wife, he said, has been accosted several times and his little boy, who is three years old, is going to be subjected to bad influences if such things continue.

I don't often use items like this here, but it seems too bad that such things are true of Narberth. It's such a nice town and it's faults are few and far between—but it would be a good idea if those few faults were remedied fast, so that they don't get to the ears of outsiders.

Did you know that Jean Sargent, daughter of 124 Chestnut Ave., was initiated into the national honorary education society, Phi Lambda Theta, at Penn, which is equivalent of Phi Beta?

You should have seen the crowd around Fred Dannehower, Jr.'s, radio shop Tuesday afternoon. The gathering was for his television set game which was a baseball game. Everyone in town turned out to see the show, including the local constabulary.

Guess that's about all for this week.

Boro Councilmen To Cite Traffic Violators Here

Action Is Taken
to Make Narberth
Safer Place to Live

Narberth Borough's Councilmen struggled with their collective conscience Monday night before deciding they would report traffic violations to the police.

Burgess Richard L. Miller made the suggestion and had a great deal of trouble beating down Councilmen's fears that residents would think them officious.

Councilman William P. Davies, who is retired from business, said he was afraid citizens would complain he had nothing better to do with his time than snoop around watching for motorists passing stop signs.

However, Davies agreed that if all members of Council took such action, motorists would realize it was being done to make Narberth a safer place to live.

Burgess Miller reported 382 traffic violations in Narberth during March. Overnight parking warnings were tagged on 330 cars, there were 11 failures to heed stop signs, 18 cases of illegal parking and 23 overtime parking charges.

Street Widening Plans Discussed By Boro Council

Merchants Offer Three
Feet on Both Sides
of North Narberth Ave.

Merchants and property owners of North Narberth Ave., between Haverford Rd. and Windsor Ave., are willing to donate three feet of their sidewalks to widen the street.

This announcement was made by members of the Borough's Business Council at Borough Council Monday night. No definite action was taken, however.

Merchants Canvassed

"We have canvassed opinion of merchants and owners on both sides of the street," Robert Hobson, vice-president of the Business Council announced to Council, "and they feel that if they are going to have to assume part of the cost of widening the street, they want to do the job right."

Estimates of widening the street by two feet to be taken from the west side of the street, the original plan, were \$2300, Borough Engineers, Damon and Foster, have announced.

Council told the businessmen present at Monday night's meeting, that, although it had no money to pay any share of the cost this year, it could take the following steps:

Possible Steps

1. Order another estimate made to determine the cost of widening the street by six feet instead of the original two feet.

2. Make a traffic study to determine the increase or decrease in the traffic hazard which would be created by widening only one block.

3. Study the possibility of applying money from parking meters to the improvement of conditions on the street, provided the Business Council did not disapprove of installing meters.

Business present refused to speak for the Business Council about parking meter installation when it was raised by a member of Council. The street widening plan is expected to be taken up again at meetings of both Borough Council and the Business Council.

New Curve Work Nears Completion

But Borough Still
Is Short on Cash

Narberth Borough's problem of how to pay its share of the Wynnewood Rd. curve construction approaches more quickly.

This week, the Seaboard Construction Co. stopped traffic on E. Wynnewood Rd. and started excavation work necessary for the installation of a 36-inch storm water drain.

Each section of the new pipe puts the line a few feet closer to the crucial connection box to be installed on the Narberth side of the new road opposite Elmwood Ave. Narberth is committed to pay for the installation of approximately 50 feet of drain pipe to connect the box with Indian Creek. The Seaboard Construction Co. is willing to do Narberth's share for a price estimated at nearly \$700.

And, Narberth Borough has \$285 approved for the job.

RESIDENTS HOPE TO BAR REAL ESTATE OFFICE ON MONTGOMERY AVENUE

Council Asks State To O. K. Boro Tax Boost

Annexation Bill Also
Hit at Meeting
on Monday Night

Borough Council formally went on record Monday night approving passage of State legislation to allow Narberth and other boroughs to increase the tax on real estate for general purposes from 15 to 20 mills.

Such permission is contained in Bills No. 787 and 947 now pending in the State Assembly.

Other Resolutions
Also passed by Council Monday was a resolution favoring passage of additional legislation which would increase the Borough's share of the State gasoline tax.

Passage of these bills would go a long way toward solving Narberth's current budget problem, largely created by Council's legal inability to raise the tax rate, now at its maximum as allowed by law.

Copies of Council's resolutions were ordered sent to both State Senator Lloyd H. Wood and State Assemblyman Lambert Cadwalader.

Fines for Speeding
Council also went on record as opposing passage of two other House bills which would force them to turn over to the State fines collected for speeding and for excessive weight of motor vehicles.

Legislation that might allow Philadelphia to annex Narberth and other smaller municipalities by pooling the votes of both units in an election for that purpose was also condemned by Council Monday night.

Council's resolution stated that "Whereas it is essential in the orderly administration of government that citizens have the right to choose that firm most suitable to their needs within the framework of the Constitution:

"Be It Resolved, by the Council of the Borough of Narberth that we are opposed to the enactment of House Bill 978 or any similar legislation."

Army Man to Address Lutheran Church Men

The men of Holy Trinity Lutheran Church, Narberth, will meet this Friday evening at 8 o'clock in the church to hear Sergeant Del Benthall, of the Army Signal Corps, attached to the Anacosta Naval Air Base.

Sgt. Benthall will relate his experiences at the Bikini test as well as those with Admiral Byrd at the South Pole recently. In addition, Navy technicolor pictures of the Bikini test and "The Silent Service" will be shown.

The Women's Guild of the church held a covered dish supper Wednesday night when sound motion pictures were shown, including "No Greater Power," the story of Zacharias' life.

\$13,000 in Building Work Performed Here in March

More than \$13,000 worth of construction work was performed in the Borough during March.

George B. Suplee, Building Inspector, told Council at its Monday night meeting that three building permits had been issued at the cost of \$17.

The Borough building regulations were amended Monday night to stamp all permits in excess of \$500 to read, "We grant this permit subject to any regulations that may be required by the Federal Government."

Boro Police Get Salary Boosts

Sergeant Gets \$150;
Patrolmen, \$100

The five members of the Borough police force have received salary increases.

The pay boosts follow a general raise in salaries of the Lower Merion Police Force, with which the Borough force is associated.

The House Sergeant received a salary increase of \$150 per year; two Class "A" patrolmen received \$100 each; the one Class "B" and one "C" patrolmen also received the same amount.

Borough Council authorized the raise at its Monday night meeting, but it noted that this was an emergency measure which had not been taken into account when the budget was drawn up. The money for the raises will have to come from redistribution of funds within the budget, it was pointed out.

W. Ross Osborne
Operating Office
Now in His Home

Judge Harold G. Knight is expected to rule next Wednesday on the protest of residents of Narberth against a real estate office at 1228 Montgomery Ave., Narberth. His ruling will climax a fight that began a year ago following granting of a special zoning exception to a war veteran to use a front room of his home as an office in an area zoned residential.

Osborne Ex-Army Officer
The special exception was granted last April by the Narberth Zoning Board of Adjustment to W. Ross Osborne, who served in Europe for 14 months as an Army officer.

The Board's ruling was based on an interpretation of the Borough Zoning Code which held that the real estate business is a profession and, as such, may be allowed, with certain restrictions, in a residential area.

Granting of the exception to Osborne was opposed before the Zoning Board, at several protest meetings called by residents and also at a meeting of Borough Council last May.

Ask Court Reversal

Shortly after the Zoning Board's decision was handed down, a group of six residents filed a petition with the Montgomery County Court of Common Pleas asking a reversal of the Board's decision.

Stipulations of fact have been filed with the Court. Judge Knight will hear the case "de novo" Wednesday, April 23.

Signers of the petition were William H. Boardman, Jr., of 610 Shady Lane; A. L. Lambert, of 612 Shady Lane; F. M. Cummer, of 105 Wynnewood Ave.; George S. Trimble, of 1216 Montgomery Ave., and A. J. Hanlon, of 1210 Montgomery Ave.

Lawyers to Appear

Lawyers who will appear before Judge Knight next week are Monroe Anders, of Ardmore, who will represent Osborne; John Flynn, of Wynnewood, who will represent the protesting residents, and Henry A. Frye, Solicitor for Narberth, who will represent the Borough's interests.

Residents protesting the granting of the exception by the Zoning Board assert that it represents an opening wedge for the incursion of business into a thoroughly residential area and that it is reducing the value of their properties.

Speaking for the Board, Robert F. Wood, its secretary, said, "The Board has no more intention of opening Montgomery Ave. to business than the residents have."

"Only one exception has been granted in six cases heard in the past five years. Two cases have been taken to Court, and both have been turned down," he added.

In Osborne's original request for the zoning exception, presented April 10, last year, he asked permission to erect a sign in front of the property, which would measure 24 x 30 inches.

Restrictions Listed

In granting the exception, the Board limited Osborne to a sign measuring 18 x 18 inches. The office, it ruled, could be maintained only during Osborne's ownership of the building.

Osborne is now operating his real estate business from his home, under the Zoning Board's ruling.

Merion D.A.R. Chapter Meets On Saturday

Since October, 1941, when Dr. John Robbins Hart, rector of the Washington Memorial Chapel, Valley Forge, spoke on the building of a bell tower for the Washington Memorial National Carillon, said to be the most perfect set of bells in the world, the Pennsylvania Society, D.A.R., has been securing money for its erection.

Seeking \$100,000, they have collected \$76,748.30 to date, and plans for the dedication of the structure have been made for Sunday, May 18, when there will be a pilgrimage of the National Organization to Valley Forge.

The Merion Chapter, D.A.R., has taken an active part in the fund-raising project. At their last meeting held Saturday afternoon at the home of the Regent, Miss Sara Shupert, of 331 Aubrey Rd., Wynnewood, a donation of \$100 was made.

Mrs. Frederick Poole, of Middletown, Pa., an active member of the Merion Chapter, made the donation in honor of her father, the late Lieutenant Colonel Herbert A. Arnold, and her three brothers, General Henry Harley Arnold, Colonel Clifford H. Arnold, and Lieutenant Colonel Joseph Prince Weaver Arnold.

Mrs. Charles Stuard, chairman of the Approved School committee, read an article on the founding of the Crossmore School, N. C., to which the Merion Chapter recently donated two boxes of clothing. The school helps support itself by selling old clothing donated by various D.A.R. Chapters. During its 35 years of existence, the school has realized over \$300,000 from such sales.

Mrs. David Holmes, chairman of Conservation, gave a report on the need of re-forestation. Mrs. Fred H. Leavitt, of 248 Merion Rd., Merion, won an apron, donated by a chapter member.

Presiding at the tea table were Mrs. Charles Stuard and Miss Marjorie Brown.

Poor Quality Butter Is Sold In Township

Board of Health Chemist Says Companies Are Holding Butter Too Long

Butter of a very poor quality is being sold in Lower Merion, the Township Board of Health was told at its regular monthly meeting last week.

Dr. David W. Horn, consulting chemist for the Board of Health, said he took six butter samples from stores in Lower Merion on March 17.

Four Very Poor

"Of the six samples, one was good, one was poor and four deserved a very poor rating on my sanitary index," Dr. Horn said.

He said one of the samples showed a mold and yeast count of 1060, indicating that the butter should have been on the market months ago.

Mrs. Leonora Brennenman, board member from the Penn Valley, Bala-Cynwyd and West Manayunk district, suggested that Dr. Horn discontinue testing butter because she didn't believe the Board of Health could take any action against dealers selling butter held too long in cold storage warehouses.

Restraining Influence
 However, Dr. Kern, vice president of the Board of Health, said the sampling was a good idea because the butter companies know the tests are made and are careful not to go too far in their efforts to unload cold storage butter before the spoiling point is reached.

Post to Sponsor Boy Scout Troop

The Liberty Troop of the Merion Boy Scouts will be sponsored by the Merion Post, American Legion, instead of the Merion Civic Association. The Association has sponsored the Scout Troop for 30 years.

Henry R. Halliwell, president of the Civic Association, announced this action following a Board of Directors meeting Monday night.

"We feel that the younger men from World War II who have come into the American Legion Post are much better fitted to train and take over the Boy Scout Troop," he stated.

Members of the Association, who met at the Merion Tribute House, discussed the association's new pamphlet, "The Valley Forge Parkway," which is being drawn up by J. Maxwell Smith, chairman of the Highway Committee of the Association. Smith is president of the Keystone Automobile Club.

The Association has gone on record with the Township's Board of Commissioners as opposing any general replanning of the Township roads, asking instead that the Board of Commissioners support the Valley Forge project, which will include the Schuylkill River Parkway.

Twp. Zoning Board to Hear Six Cases Thursday Night

The Lower Merion Township Board of Adjustment will hold a public hearing on six zoning cases next Thursday night.

Three cases are applications for zoning variances and three are appeals from action of Building Superintendent Jesse L. Stetler.

Seeks Nursery Permit

Mrs. Garven Dalglisch, of 251 Montgomery Ave., Haverford, will ask the Board for permission to use the first floor of her home as a nursery. Mrs. Dalglisch is now director of the Reed Nursery being operated in her home. Reed is moving in June, and Mrs. Dalglisch is seeking permission to operate her own nursery.

Americo and Ruth Angelaccio will ask the Board for an extension of a variance permitting parking on a lot in the rear of 711 to 719 Montgomery Ave., Penn Valley. The variance was granted in 1945 for a two-year period.

Garage Conversion

Frank J. Scannell, Ardmore realtor, will ask the Zoning Board for permission to convert a five-car garage into a three-bedroom, single-family dwelling.

The building is on the south side of Waverly Rd., approximately 250 feet east of Morris Ave., in Bryn Mawr. The garage has a front of 20 feet in depth instead of the required 50 feet, and a side yard lacking five inches of the required 15 feet. The district is zoned R-1.

The Ashland Ave. Methodist Church will seek permission to erect

a Sunday School Building adjoining the church at 217 Ashland Ave., West Manayunk. The church has purchased a war surplus wooden building that measures 21 by 69 feet.

Side Yard Lacking

A zoning variance is required because the side yard will lack four of the required 12 feet if the frame structure is placed next to the main church building. The Rev. Henry S. Noon, of 425 Anthony Rd., Narberth, is pastor of the church.

Henry S. Neel, of 437 Bowman Ave., Merion, will appeal the action of Stetler in refusing a permit for the construction of a small tool shed in the rear of the residence. Neel had a tool shed until fire destroyed it several months ago.

Stetler refused to issue a building permit for a new shed because such a building must be ten feet in back of the rearmost part of the main building, and Neel's plans show the rear line of the tool shed in line with the rear line of the house. The property is located in an R-4 residential district.

Appeal by Carroll

The third appeal from action by Stetler will be made by Ben L. Carroll, who is building new homes in the Penn Wynne neighborhood. Stetler refused to issue a building permit for the construction of a single-family house at 266 Crosshill Rd., at the corner of Remington and Crosshill Rds. Carroll will seek a variance in respect to depth of the front yard from the required 25 feet to a varying depth of from 25 to 23 feet.

HAVERFORD HOUSE SOLD

McMullin and McMullin have sold for Edwin Hobart Brown his property at Montgomery Ave. and Sunset Lane, Haverford, consisting of a colonial stone house, garage and about 1 1/2 acres of ground, for \$41,500. The purchaser is J. Weir Sargent, who will occupy the property for his residence.

WHAT ABOUT HARRY?
 One of the most closely followed murder cases in the country never has hit the front pages. It is that of Harry Davis. Millions of Americans have sifted the evidence over the last six months; it is doubtful if the crime will be fully clarified for several more. The scene of this action: one of radio's oldest (nine years in May) and most popular daytime dramas, "When a Girl Marries," starring petite Mary Jane Higby (as Joan Davis). Will Harry Davis, Joan's husband, be guilty? Can a Grand Jury be wrong? Take a listen. Through clever scripting, it is possibly the top cliff-hanger—and surley one of the longest—in radio make-believe today (afternoons, 5 EST, NBC).

Very Little Things
 The U. S. Army's popular musical show, "Sound Off" (Thursday nights, Mutual), stars Mark Warrington, born in Russia; Lyn Murray, born in England, and Arno (The Chant) Tanney, Polish born. Lulu McConnell (It Pays to Be Ignorant) Friday nights, CBS) got that raucous voice in vaudeville. After a vocal strain, she was advised but couldn't afford to take a rest, gained consequently the voice that is now her fortune. ... Playing a doctor's wife on "Road of Life" (afternoons, CBS) comes naturally to Aileen Palmer. She has two brothers—both doctors.

50,000 JOKE MAN
 Milton Berle: effervescent, "ad lib" artist. Milton credits his "ad lib" to memory. Ripley once cited him for knowing by heart 50,000 jokes! Berle is possibly the entertainment business' most active benefit player (over 9,000 performances). He is one of the few wits, barring Eddie Cantor, born in New York City. At 40, the tall (six foot), smart dressing comic is heading up. He recently concluded a club run of several months at \$18,000 a week, reputedly the highest salary yet paid a club entertainer. He gave it up for the new Milton Berle radio show. Considered one of the best additions of the season (Tuesday nights, NBC), the program plays down gags for smartly tailored situation comedy. A new Brazilian singer on the same show, Dick Farney, may be a coming heart-throb.

Bob Hope
 ... \$75,000 contest
 Never at loss as a jingle wit, Bob has written his own entry (rejected by the contest officials): "My Favorite Brunette Is ... A person who couldn't be deader ... I see him each time I look in the mirror." The contest, we might say, is in conjunction with Hope's new movie, "My Favorite Brunette."

Milton Berle
 ... he's less gaggy

Squire Lownes Demonstrates The 'Wolf Call'

Police Hearing Halted While He Gives the Well-Known Whistle

For those who don't know what the "Wolf Call" is, Justice of the Peace Walter B. Lownes, Jr., took time out for a demonstration at a police court hearing Monday night in Ardmore.

All parties at the hearing—defendants, plaintiffs and spectators—agreed that Squire Lownes knew what he was whistling about.

It all came about at the hearing when no one seemed to be sure just what remarks were made to a young lady that precipitated a free-for-all early Sunday morning outside the Blue Comet Diner, Bryn Mawr.

At this point, Squire Lownes emitted two sharp whistles, the second beginning at a lower pitch than the first and descending even lower.

All agreed this was, in general, what started the fracas in question. Involved in the fracas were socially prominent Mr. and Mrs. Frederick C. Wheeler, Jr., of Haverford, and two of their friends, Mr. and Mrs. William F. Harritty, also of Haverford.

Wheeler is the son of the vice president of the Fidelity-Philadelphia Trust Co. The elder Wheeler lives in Wynnewood.

Held for court as a result of the battle were Sam Costranzi, William McNellis and Leo Fitzgerald, all 20 and of Wayne.

Their opponents in the fracas, Wheeler and Harritty, each filed a bond for appearance at the youths' trial.

Dreher Honored By Optimist Club

Robert E. Dreher, of 319 Walnut Hill Lane, Westgate Hills, received two awards at Tuesday's luncheon meeting of the Ardmore Optimist Club.

The club presented him with a certificate in commemoration of his services in the armed forces during the war. Dreher also received an award for being the most valuable club member of the year. A charter member, he was the first secretary of the club.

Charles L. Roach, of the Mortgage Department of the Bryn Mawr Trust Co., spoke on "Anticipating Effects of the FHA Rental Housing Program."

Comparing the period following World War I with that of World War II, he said there was not as much of a construction tie-up after World War I and consequently, houses were more plentiful and at not so highly inflated prices.

He said he did not believe housing costs would come down for at least four or five years, because of the great demand and high costs of labor and materials.

LITTLE THINGS about the Stars

By GEORGE LILLEY

NEW YORK, N. Y.—Looks like the era of the radio contest is back again. Newest and possibly biggest to date: the new Bob Hope (Tuesday nights, NBC) two-line jingle contest which is offering prizes totaling \$75,000. This includes 22 prizes weekly (four Chevrolet's, eight Frigidaires, ten \$100 bills) to those who submit the best last lines to a jingle beginning "My Favorite Brunette Is ..."

Never at loss as a jingle wit, Bob has written his own entry (rejected by the contest officials): "My Favorite Brunette Is ... A person who couldn't be deader ... I see him each time I look in the mirror." The contest, we might say, is in conjunction with Hope's new movie, "My Favorite Brunette."

Milton Berle
 ... he's less gaggy
 New York night club run of several months at \$18,000 a week, reputedly the highest salary yet paid a club entertainer. He gave it up for the new Milton Berle radio show. Considered one of the best additions of the season (Tuesday nights, NBC), the program plays down gags for smartly tailored situation comedy. A new Brazilian singer on the same show, Dick Farney, may be a coming heart-throb.

Lulu McConnell
 ... it's natural!
 After a vocal strain, she was advised but couldn't afford to take a rest, gained consequently the voice that is now her fortune. ... Playing a doctor's wife on "Road of Life" (afternoons, CBS) comes naturally to Aileen Palmer. She has two brothers—both doctors.

Mary Jane Higby
 ... take a listen
 petite Mary Jane Higby (as Joan Davis). Will Harry Davis, Joan's husband, be guilty? Can a Grand Jury be wrong? Take a listen. Through clever scripting, it is possibly the top cliff-hanger—and surley one of the longest—in radio make-believe today (afternoons, 5 EST, NBC).

Farming Life of Township Recalled by Luther Parsons

By LUTHER PARSONS

To give you an idea of how many farms and people there were in Lower Merion Township 50 or 60 years ago, I will take you with me up past the old Quaker meeting to Woodbine Ave., to the Schuylkill River road, along the river to Belmont Ave., then up to City Line to Lancaster Pike, to Wynnewood Rd. and back to Woodbine Ave.

In this area there were about 40 large farms and about 25 smaller places. If you average five people to the place, it makes about 325 people there.

Now, this was a farming country and the owners took pride in their upkeep, and they were real homes. They raised corn, potatoes, wheat, rye, oats and the vegetables they needed. Today, there is not a wheat field in this area.

All of these farms kept a dairy. Some of them were large ones, and from each of these farms a milk wagon went into the city every morning and market wagons would go in twice a week. There is not a dairy farm in all this area today.

There were few roads here, 50 or 60 years ago. There was the Mary-Watersford Rd., Levering Mill Rd., Merion Ave., State Rd., and the old Ford Rd., which crossed the river just above Belmont Mansion.

Now all that is left of the old Ford Rd. is between Levering Mill Rd. and Montgomery Ave. This was originally an Indian trail, and used by the Indian long before the white man came.

Old Twp. Roads
 As the white man came west, he widened the trail and made a road of it.

The road we now know as Montgomery Ave. was formerly called Blockley and Merion Turnpike. Old Lancaster Rd. was called a pike.

There were no good roads at this time, just dirt roads. When they made a pike, they would haul big stones and dump them in the middle of the road and they were then broken up with sledges and hammers.</

Tri-County Health, Welfare Council Is Formed Here

Creation of the Health and Welfare Council, covering Philadelphia, Delaware and Montgomery counties and designed to help study, coordinate and plan health and social welfare services, has been announced by P. Blair Lee, president of the Western Savings Fund Society and newly elected president of the Council.

In announcing the incorporation of the Council, Lee stated that it would supplant and consolidate the services of the Philadelphia Council of Social Agencies and the Delaware County Welfare Council.

Aims of the Council

The functions, program and staffs of the Philadelphia and Delaware County Councils will be transferred to the Health and Welfare Council. Lee pointed out that the Council represents an effort to substitute a single and comprehensive organization, and a more adequate range of service, for several organizations and inadequate services.

Plans for the new organization have been drawn to provide:

1. A membership inclusive, not only of social agencies in the three counties, but of all citizen groups having concern for health and welfare services.
2. Full participation on the part of public agencies in the fields of health and welfare.
3. A definite relationship between the Council and the Community Chests in the area covered.
4. Strengthening of planning at the local level.
5. Voluntary association and autonomy of the participating agencies.

Expansion Plans

For the present, the territory involved in this consolidation of social welfare interests will be restricted to Philadelphia, Delaware and Montgomery Counties, but provision is made for extending this territory as occasion demands.

BRYN MAWR STORES AID COLLEGE FUND

Five percent of what alumnae, faculty, staff and students of Bryn Mawr College spend in 23 stores in Bryn Mawr, from April 18 to May 3, will be donated by the stores to the Bryn Mawr College Fund, 1946.

Students solicited the shops normally patronized by them, and an intensive advertising campaign to increase the volume of business normally done in these stores is being undertaken by undergraduates. Each participating store will be identified by a placard in its window.

A solemn and religious regard to spiritual and eternal things is an indispensable element

L M Vets Win Court Title

Down Brookline By Close Margin Of 68 to 66

By Harry Ellsworth

Lower Merion is winning championships again. The Lower Merion Veterans, playing in the Main Line League for the first time this year, nosed out Brookline, 68-66, in one of the most thrilling games in league history to date. The Main Line title for 1946-47.

Playing before a near capacity crowd at Lower Merion High School Tuesday night, the Vets rallied to break a 56-56 tie midway in the fourth quarter and go on to win by a slender two point margin.

The charge of Herb Good widened this margin to 38-36 at the half and started the second half as if they were determined to sew up the ball game then and there. The Big Green were ahead by 47-37 at the end of the first period, but they pulled away from the Veterans, who couldn't crack the stiffened Brookline defense.

Fighting back, Lower Merion cut the Brookline lead to 52-47 at the end of the third quarter. Finally, Stan Thomas' men knotted the count at 56-56 at one-half hour by Bud Long.

After trailing by 13-7 at the end of the first period, the Vets gained a 29-27 halftime lead. With Long hitting on driving, one-handed shots, the Vets expanded a shaky 45-43 third period lead into the winning seven-point margin.

STEPS UP DRILLS

The tempo of spring football practice at Villanova College will increase this week, Coach Jordan Oliver said. The drills will be in top condition and ready for body contact work. He expects to hold an intra-squad scrimmage in the next few days and plans one or two outside scrimmage games. The drills will run until April 30.

Oliver is using the spring drills to polish up individual play. He and his aids feel they have more time to correct errors made during the regular season.

50 Candidates Turn Out For First Lower Merion Crew

Fifty candidates reported as Lower Merion High's first crew went through its paces on the Schuylkill Saturday afternoon under the coaching of W. E. Garrett Gilmore, former national single sculling champion.

Rowing from the quarters of the Bachelors Barge Club, the Ardmore Aces boated three eight-oared shells and one four-oared craft. In addition Gilmore, aided by Bill Douglas and Chris Simpson, team managers, sent many new men through preliminary races.

Daily training started Monday for the Lower Merion oarsmen. The Main Liners will compete in the Statesbury Cup regatta on May 17 and in several other important scullastic events.

3 Dusek Brothers

Three Dusek Brothers, Ernie, Emil and Rudy, will headline this Friday's wrestling show at the Arena.

Two of the Omaha ruffians will appear in the windup, which will be a team match. It pits Ernie and Emil Dusek against George Becker and Bobby Managoff.

2 New Coaches Named at VFMA

Two new coaches—of baseball and tennis—were announced this week at Valley Forge Military Academy by Maj. Gen. Milton G. Baker, academy superintendent.

Capt. Edward Magill, who previously coached two sports at Audubon (N. J.) High School, was named baseball coach. Maj. Jack Maddox, athletic director, was expected to coach baseball, but had to relinquish the post because of the press of other duties. Maj. Maddox, however, will continue to coach football and basketball.

Assisting Capt. Magill will be the Valley Forge nine is Capt. Gifford Havens. The Trojans opened their 1947 season last Saturday at Admiral Fargut Naval Academy.

Li. Don Richardson, former Lansdowne High athlete, was named head tennis coach, succeeding Capt. Mallard Blank. Li. Richardson, one of the East's outstanding instructors, is tennis pro at Philadelphia Country Club during the summer months. He coached the Rollins College, Fla., tennis team in 1944.

Haverford High Sends 4 Teams To Bridgeton

Four teams will represent Haverford High trackmen in the annual Bridgeton (N. J.) Relays this Saturday. They were announced yesterday by Coach Bill Breuninger.

Breuninger, starting his fifth season as Haverford track coach, has nominated a one-mile relay team of Bob Schlenz, Bob Steinman, Bruce Stratton and Frank Kramer. All but Steinman are among eight Haverford lettermen.

The half-mile relay team will comprise Russ Hess, another letterman who specializes in the sprint; Bob Schatz, Bill Grotzinger, and Bob Brook or Bob Beckman. Schatz is an over-age ninth grader.

In the two-mile relay, Breuninger will run Schlenz, Finley Gordon and Tom Fritsch, both veteran half-milers, and Bob Smith. Doug Johnston and Bill Lehman also are possible starters in this event.

The medley relay team tentatively lists Hess in the 220-yard dash; Stratton, 440; Gordon, 880, and Ed Long, one-mile run. Long, who started in cross-country this year, is one of Haverford's hopes in the mile and has been broken five minutes during early drills.

Other lettermen on the Ford team, which dropped an 80-37 decision to Chester high in its opener, are Phil Donatelli, pole vaulter, and Charlie Anderson, football star who competes in the shot put, javelin and discus.

Other standouts include Ben Wilmot, 880 and one-mile runner; Roy Tracy, broad jump; Roy Wilson and Larry Pickell, javelin; wrestler Bill Stamen, a pole vaulter; and the broad jump; Tom McNutt, high jump and hurdles; Bud Williams, high hurdles; Jim Seton, low hurdles.

Steinman, a 10th grader, is one of Breuninger's best bets in the quarter-mile. He has been clocked in 54 seconds indoors.

LOWER MERION STARS WIN IN OVERTIME

The Lower Merion Stars, comprising ex-Lower Merion High courtmen, advanced to the third round of the Eagles' basketball tourney at St. Joseph's House, 16th St. and Allegheny Ave., Saturday night, defeating Doyle A. C., 73-68, in three extra periods.

After trailing by a 26-23 halftime lead in the tugging tussle, L. M. gradually lost ground and the teams were deadlocked at 52 at the regulation game end. The score was knotted at 64 and 64 at the end of the first two overtime periods. In the third extra period, Bill Butts and Jack Manning scored to give L. M. the decision.

BROWN BEST BET

John Wysocki, Villanova All-American end in 1938, rates Dan Brown as one of the Wildcats' best wing prospects in history. Brown caught 16 passes, including two touchdowns, in his first season.

VERSATILE VAULTER

George Coleman, Villanova pole vaulter, has plenty to keep him busy besides studies and track practice. Coleman owns and manages a drug store.

MAJOR A POPPA

Bob McDonnell, diminutive Villanova relief pitcher and basketball player, is the late proud father among Wildcat athletes. He recently welcomed a daughter into the family.

STEPS UP DRILLS

The tempo of spring football practice at Villanova College will increase this week, Coach Jordan Oliver said. The drills will be in top condition and ready for body contact work. He expects to hold an intra-squad scrimmage in the next few days and plans one or two outside scrimmage games. The drills will run until April 30.

Oliver is using the spring drills to polish up individual play. He and his aids feel they have more time to correct errors made during the regular season.

HAVERTOWN LASSIES WIN COURT TOURNAY

The girls' basketball team of the Haverford Township Undergraduate Center of Temple University, at Brookline, captured the Women's Athletic Association tournament title at Conwell Hall Saturday, subduing the Alpha Sigma Alpha sorority team.

In addition, two Haverford girls were chosen on all-star teams for their play this season. Ruth Hasstad was named at guard and Gwen Gates was selected at forward.

TOO FAT ATHLETES

Overeating is one of the major problems facing many college and professional athletes, according to Phil Weinert, Villanova baseball coach. Weinert, who spent 17 years in organized baseball, still maintains his playing weight.

VERSATILE VAULTER

George Coleman, Villanova pole vaulter, has plenty to keep him busy besides studies and track practice. Coleman owns and manages a drug store.
